

New Coastline

2026

Issue number 52 has just been delivered to over a third of the households in Corton, by our wonderful volunteers. We have an excellent team, who deliver the magazine and collect subscriptions, joined this year by Chris and Vic.

Last year it was decided not to charge our subscribers and advertisers, for six months, but this was extended to the whole year, as a thank you to all.

There have been some wonderful articles and photographs submitted by villagers, for which we thank you.

Without our loyal deliverers and subscribers there would be no magazine, so thank you to everyone.
